

## WE SERVE IN COMMUNITY

**CROP Walk—Feb. 26. IS HERE!** We are off and walking again this year to help hungry people here in Venice and around the world. You can help: (1) Pick up an envelope at the patio table, then give your friends and neighbors the opportunity to help feed hungry folks and join about 500 walkers on February 26 on a one or three mile walk. (2) Pledge support to one or all of our staff whose envelopes are on the table. Your contribution will help install water wells in Africa, and help educate farmers on modern agriculture methods to supply more local food. Let's maintain VPC's #1 status in Florida!

**Special thank you** to all who generously contributed to our January Mission Partner Institution Univers. We received \$5,000.
